SIZE GUIDE

BODY MEASUREMENT GUIDE

Biz Collection apparel sizes are designed to fit average industry standards for the below body measurements. Please use this handy Body Measurement Guide to compare your own measurements and help you determine which size to order.

GARMENT TO GARMENT COMPARISON

An alternate method is to compare your own garment size to ours. You can do this by measuring the ½ chest of your garment (laid flat, measured 0.5in below the sleeve join, from side seam to side seam) and compare it to ours. Please refer to the individual garment measurements, shown on each style page, to determine your garment to garment size comparison.
