2022 WORK LIFE

# A new direction

## On trend & relatable

We're proud of our 30-year history producing high quality uniforms. Our superb ranges are designed with local markets and customers in mind. We begin by researching the latest global fashion trends and pairing them with our customers' needs to create timeless pieces that are comfortable, durable and trans-seasonal.

## Innovative quality is at the heart of all we do

Our elite team of designers, researchers and technicians are dedicated to sourcing innovative fabrics and cutting-edge processes. Before we release any new product, we perform rigorous testing and evaluation, both in-house and in the workplace.

Our garments are fitted on real people, not mannequins, and we conduct wear trials with customers in the field to guarantee they're fit for purpose, comfort and durability.

## More choices for everybody

We're the first to recognise that one size does not fit all, that's why we offer a vast range of styles and fabrics to suit all body shapes, industries and functional needs. Great care has been taken to create products that can be mixed and matched, allowing each wearer to bring their individuality to work yet still being part of a team.
